Sponsorship Opportunities

ICoFF2019/ICPH2019/ISNFF2019 Organizing Committee

Greetings

We are delighted to inform you to the 7th International Conference on Food Factors (ICoFF2019), the 12th International Conference and Exhibition on Nutraceuticals and Functional Foods (ISNFF2019) and the 9th International Conference on Polyphenols and Health (ICPH2019).

With the mission of promoting research into all aspects of basic and applied Food and Nutritional Science, ICoFF held its first conference in 1995 and has continued to hold every four years. ICoFF is one of the largest international conferences for researchers, scientists, professors and students in the field of food factors and their health-promoting effects. ISNFF, founded in 2007, has been focusing on the research and development on materials that can be used as functional foods. ICPH has also become the most important international event to comprehensively deal with polyphenols and their various beneficial functions for health.

With respect to the conference theme, we have adopted “Food Factor Science from Molecular to Human Studies” for ICoFF2019/ISNFF2019, while “Basic and Human Studies to Reach Our Goal” for ICPH2019. The conferences will offer opportunities to exchange scientific ideas and create networks between people from academia, industry and regulatory authorities, as well as between young and established scientists and professionals.

For ICoFF2019/ICPH2019/ISNFF2019, we have made provisions for four categories of package sponsors —Platinum, Gold, Silver, and Bronze—and for joint symposium partners, individual item sponsors, and exhibition booths. The congress will provide a golden opportunity for companies and related organizations to promote their products and services. We very much hope you will take this opportunity to participate in ICoFF2019/ICPH2019/ISNFF2019.

We hope you will appreciate the significance and importance of ICoFF2019/ICPH2019/ISNFF2019 for the further promotion of human health and development of society throughout the world. To ensure the success of these conferences, we sincerely request your cooperation and support.
